SUMMARY

Full stack web developer and recent graduate of Penn LPS coding bootcamp with the ability to design and build web applications from the ground up. I have achieved the technical skills and knowledge that are needed to succeed as a web developer and I am looking forward to working with more experienced developers and to continuously grow in the tech industry. My background in psychology and business, infused with my creativity, attention to detail, and problem-solving skills allow for me to consistently deliver positive results and solve complex problems for my clients and teammates.
